

B-27, B-27 ELITE AND B-27 PRESTIGE

The architect's practical solution

THE ARCHITECT'S PRACTICAL SOLUTION

Retractable awnings B-27 in Prestige, Elite and standard version distinguish with their **contemporary rectangular shape**. All three models are appropriate for modern houses and can also be built into the façade. They're technically identical to the B-25 models in Prestige, Elite and standard version.

The standard colour of these cassette awnings is **white**, while **200 other RAL colours** are available as an option.

Option:
